Merriwa Show - September 19th

Top Score - The way this works is that each jump earns points - the bigger the fence the more points you earn
At Merriwa the last fence was a massive 1.4m (height and width) worth 100 points. There is also a 'Joker' fence

and with this one you double your points if you succeed BUT you halve your points if you fail
the Joker fence was 1.5m and Legacy did well clearing both to come second

Here at Merriwa
